Service Note

This subway map depicts late night service, approximately midnight to 6:00am. All stations are served* though not all lines run. Most lines run local, making all stops. Check overhead signs on platforms for details.

Visit www.mta.info for detailed guides to subway service: click on Maps, then "Individual Subway Line Maps" or "Service Guide." For construction-related service changes, click on "Planned Service Changes" in the top menu bar.

On weekends, the Weekender website and app show construction-related scheduled service changes. This information is also posted at station entrances and on platform columns of affected lines.
